“REACH” REGULATION ART.33 – REG.1907/2006

Dear Customers,

According to article 33 of REACH Regulation (REGULATION 1907/2006/CE), Stampotecnica Srl has to state the SVHC substances contained in concentration higher than 0,1% in weight and provide adequate information for the safe use of the products.

Therefore, we inform you that our Aircomp product Lines:

AIR PREPARATION AND ACCESSORIES
VALVES AND ACCESSORIES
CYLINDERS AND ACCESSORIES
FITTINGS

contain following SVHC substance: Lead CAS 7439-92-1 exceeding 0,1% weight/weight.

Moreover, Regulators and Filter regulators from our AIR PREPARATION Line may contain the SVHC substance 6,6'-di-tert-butyl-2,2'-methylenedi-p-cresol, CAS 119-47-1 exceeding 0.1% in weight.

Anyhow, the normal and reasonably foreseeable use of the produced components does not cause emission of particles or smoke.

For the disposal at the end of their life, in case the product should undergo machining which may imply emission of particles or smoke, it is recommended using aspirators and specific DPI depending on the size of particles and on ventilation rate.

Your sincerely
